Re: In support and sponsorship of Jadaan Mohammed

Alien Number: A-221 307 064

Your Honor,

I am a US citizen who has known Mohammed Jadaan since he first assisted me in finding a new residence in Jeddah, Saudi Arabia where I was employed as a guest lecturer at King Abdulaziz University between 2011 and 2014 (see attached). At the time Mohammed was a self-employed real estate agent who had contracted with the university to help newcomers to the university find a place to live. Mohammed has been my friend ever since. Recently I learned from Mohammed's brother that Mohammed was arrested while crossing into the United States illegally at the Arizona border, and that he is now awaiting a court hearing during which it will be decided whether his request for asylum in the United States will be granted.

I can readily attest that Mohammed does not harbor ill-will toward the United States Government, and that he has never expressed ill-feelings toward the United States of America or the American people in my presence. Neither have I heard from others about ill-will expressed by Mohammed against my American homeland. On the contrary, before entering the United States illegally Mohammed sought to enter the United States through legal means when he was still resident in Saudi Arabia. To his own dismay he was rejected. I am stating this not to justify his forceful entry — rather to emphasize Mohammed's good will toward my native homeland. I am near certain that Mohammed crossed the border in the belief that his entry was being encouraged by the US Government during the Biden administration.

Mohammed is both a hard-worker and entrepreneurial. He will make a strong contribution to American, if granted the opportunity, and I would be delighted to serve as his sponsor.

Sincerely,

Roddy A. Stegemann, A.B., M.A., M.A.
