尊敬的鍾校長,

Re: 英文, 經濟, 其他

I am writing to you in the hope that I might be of service to your school both as a **part-time supply teacher** for regularly held classes and as a **private tutor** for those of your students who are struggling with certain subjects while excelling in others.

Attached you will find a brief advertisement that I will soon begin distributing in the Shatin area in a slightly different, but more accessible format. I offer it to you by way of introduction. You may display it, make copies of it for distribution, file it, or simply throw it away.

For further information about me and what I can do for your school, please visit my company's website and click in the top menu on the word SERVICES. Then look for the highlighted word *more...* under the heading *Tutoring*. This should be plenty to get you started.

Certainly I am looking forward to hear from you or your students in the very near future.

Sincerely,

橋 守

Re: 英文, 經濟, 其他

尊敬的甄校長,

I am writing to you in the hope that I might be of service to your school both as a **part-time supply teacher** for regularly held classes and as a **private tutor** for those of your students who are struggling with certain subjects while excelling in others.

Attached you will find a brief advertisement that I will soon begin distributing in the Shatin area in a slightly different, but more accessible format. I offer it to you by way of introduction. You may display it, make copies of it for distribution, file it, or simply throw it away.

For further information about me and what I can do for your school, please visit my company's website and click in the top menu on the word SERVICES. Then look for the highlighted word *more...* under the heading *Tutoring*. This should be plenty to get you started.

Certainly I am looking forward to hear from you or your students in the very near future.

Sincerely,

橋 守
