Re: Training Course update

Dear Mr. Leung,

After a long winter with many troubles I am happy that I will be able to return to the pool in order to resume my weekly exercise routine.

I just wanted to thank you and your staff for your wonderful cooperation.

Should I return next fall, surely there will be much less trouble now that everyone knows what must be done.

May the Hong Kong sun be kind to you this summer!

Thank you very much. (original in Chinese)
