Summary

This circular memorandum sets out the procedures on fee revision for the 2002-2003 school year. The deadline for submission of such applications is **26 March 2002**. Please note that if your school does not provide complete information or submit the application after the deadline, the Education Department may not be able to inform your school the approved revised school fee before the commencement of the new school year.

Details

2. As in previous years, the level of increase in school fees for kindergartens in the 2002-2003 school year will continue to be based on two components, viz. salary portion and non-salary portion:

- (i) the salary portion comprises the salaries of teaching and non-teaching staff (except the supervisor's pay which is regarded as non-salary expenses for fee revision purpose), the employer's provident fund contribution, the provision for long service payment/severance payment/contract gratuity and the profit margin; and
- (ii) the non-salary portion consists of supervisor's pay, the kindergarten's running expenses and the profit margin.

The Normative Salary Scale for Kindergarten Teaching Staff as Recommended by the Director of Education and the List of Components of School Fees endorsed by the Board of Education in 2001 are at **Appendix 1** and **Appendix 3** respectively.
